

Nature's animals like the
Squirrel Glider Possums are
dependent on old hollow trees
for their homes and local bush
which supplies food 24 hours
a day, seven days a week 52
weeks per year.
They cannot be relocated.
If there is suitable bush they
would already be there.
Destroy their habitat and they
are extinct.

The Squirrel Glider Possums must
have been naughty because Santa
in the form of the Brisbane City
Council is not bringing presents
but is destroying their future!
