

L.S.G

music for any occasion

L.S.G have been playing in one form or another around Brisbane, Australia and the World for the past 15 years!

*Together these four fine musicians – **Melissa J Evans** [lead vocals, rhythm guitar], **Sue Drummond** [vocals, percussion], **Ruth Gardner** [lead guitar, vocals] and **Siobhan Zimmermann** [bass, vocals] - are the ultimate human juke box – playing hits from the 60's til today, everything from Joe Cocker, Madonna, Culture Club and Brittany Spears – throwing in classic tunes like “the Time Warp” and “Throw Your Arms”.*

L.S.G are truly a unique covers band who have the ability to chose and arrange songs to keep everyone at a venue til closing time – not only this, these girls read a room like nobodies business and have the crowd up and dancing to an array of popular tunes! Just watching the onstage antics of this band is a thrill, they make every song their own and have a sense of fun that is absolutely infectious!

The Group is available to play anywhere.... any time... rates are reasonable and negotiable – If you require further information call us and/or check out the LSG website.
